

3rd March 2025

Dear Parents,

Please see the following message below from the Smart Phone Free Childhood Team. This follows on from our event in January hosted across both Alwyn and Courthouse. We have already had many parents sign up to the smartphone parent pledge. If you would like to find out more please visit our school page [here](#) and then sign up to the parent pledge [here](#).

Next Friday, March 7th, MPs will debate the Safer Phones Bill in Parliament. We need your MP to be there. The government is listening, and everything is at stake. Thanks to your support, they are finally considering taking action.

Now, we need to ensure MPs attend the debate to get this done. Please email your MP to remind them to attend. We've drafted the email for you, so it only takes a minute, but it could make a lifetime of difference for a generation of kids.

✉ Email your MP in 60 seconds here: <https://smartphonefreechildhood.eaction.org.uk/safer-phones-final>

Imagine looking back and knowing that together, we helped change the law. We stood up for children, their mental health, and their childhoods—against a tech industry that has prioritized profit over our kids' well-being for far too long. This is the moment. Let's make it count.

With hope,
Team SFC
